To Whom it May Concern,

We were very pleased to have Janneke Vermeulen as one of our 2021 FSOMA Conference speakers teaching a class on Diving Medical Acupuncture. Her evaluations from the students were excellent for content, presentation, knowledge of the topic and ability to answer questions.

While this topic is very specific the amount of knowledge presented on ear, nose and throat was very helpful for many related conditions and offered students very deep knowledge.

We had planned on having her present live, however due to COVID travel restrictions we had to move her to present from her home and put her into the classroom by zoom. She did a great job helping us as we all adjusted to an unexpected presentation style showing great composure and assistance.

Thank you,

A handwritten signature in black ink that reads "Ellen Teeter AP". The signature is fluid and cursive.
